

Bonanza®

Bonanza 10G Fall Application Guide

WEEDS CONTROLLED:

Annual Grasses: Wild oats, Green and Yellow foxtail, Barnyard grass, Persian Darnel, Annual bluegrass, Crabgrass, Stinkgrass, Bromegrass, Cheat and Goosegrass

Broadleaf Weeds: Pigweed, Lamb's-quarters, Chickweed, Carpetweed, Knotweed, Purslane, Cow cockle and Wild Buckwheat.

APPLICATION TIMING:

- Apply between September 1 and soil freeze-up using above rates
- Must be incorporated within 24 hours after application
- Apply before the crop is planted and before weed emergence.
- It is incorporated thoroughly into the soil to provide herbicidal action that will control all susceptible weeds.
- Bonanza 10G will not control weeds that have already emerged through the soil at time of application - only as the weeds germinate.

TIPS & WATCHOUTS:

- Can be applied to stubble, however field should be worked by cultivator or disc
- Before applying, ensure all emerged and existing weeds have been eliminated through discing, cultivation or chemical control
- Rate of breakdown is influenced by environmental factors
- If precipitation during this period is below normal, the level of carryover into the following growing season will be increased
